

THE LAST SURVIVOR

FOUR TRAGEDIES. FOUR JOURNEYS. ONE PURPOSE.

In the aftermath of the Holocaust, the U.N. adopted universal acceptance of international laws defining and forbidding genocide. Unfortunately, these laws have not deterred perpetrators of this crime against humanity. THE LAST SURVIVOR is an award-winning documentary that presents the stories of four unforgettable individuals who struggle to make sense of tragedy while bringing awareness to this ongoing catastrophe. Following the lives of Survivors of the Holocaust, in Rwanda, Darfur and the Congo, the film presents a unique opportunity to learn from the lessons and mistakes of our past in order to have lasting social impact on how we act collectively in the face of similar issues today. THE LAST SURVIVOR is a grand testament to the ability of film to not only educate, but to motivate, inspire and promote social advocacy.
